Attachments: Testing Protocol v3.pdf

Chris / David –

I have attached the updated protocol following the discussion with Trojan on Friday.

Chris –

I would recommend printing out at least 4-dozen, blank Daily Pilot Reports to take with you to Wichita Falls. I will be available anytime on Tuesday and until 5:30 pm on Wednesday. My cell phone number is 919-599-1982.

Thanks!

-Mike

Subject: FW: Testing Protocol for Wichita Falls Pilot

Chris: I'm forwarding the current testing protocol for the research project in Wichita Falls next week. Mike Watts with Garver is the lead investigator. We had a call this afternoon with Trojan UV, and Mike is going to be tweaking the protocol with some refinements we discussed. I'll be visiting with you more to firm up all the logistics, but wanted you to have this as a starting point.

Have a good weekend.

DAVID SLOAN / FREESE AND NICHOLS, INC.

All –

Please see the attached testing protocol for discussion on the call this afternoon.

Thanks,

Mike
