JK

Folks,

I'm going to have some materials for Linda for this meeting, but please be responsible to bring copies for yourself. Relevant materials include:

- A copy of this email for the agenda,
- A copy of the pretreatment info (see attached email from Jaya)
- 2nd set of questions (attached),
- Red's response to Daniel's 6/25/email (attached);
- Red's third set of questions (attached).

We just have an hour for the meeting so we need to hit the ground running.

Thanks,

Joel
