

TCEQ Public Water System Plan Review Submittal Form (Complete, Seal and Attach to Submittal Package)

Date 06/01/2015			
TCEQ PWS Identification No.* 2430001		CCN No. or Application No. ** N/A	
Water System Name City of Wichita Falls - Temporary Direct Potable Reuse System - (Decommissioning Report)			
Water System Owner City of Wichita Falls		Type of Entity Municipality	
Address 1300 7th Street, PO Box 1431, Wichita Falls, Texas 76307		Phone (AC) 940-761-7477	
Responsible Official Darron Leiker		Title City Manager	
***County (system location) Wichita		Mechanism & Source of Financing	
Subdivision Sec., Phase, Unit, Etc.			
Engineer Shawn M. Garcia		Registration No. 107321	E-Mail shawn.garcia@wichitafalls.tx.gov
Firm Name City of Wichita Falls/Public Works/Engineering		Phone (AC) 940-761-7477	Fax:(AC) 940-761-6873
Firm Address 1300 7th Street, PO BOX 1431, Wichita Falls, Texas 76307		Firm Registration No. N/A	

* If no PWS Number exists, the owner must submit a business plan, if required, in accordance with §290.39(f) and (g).

** If a CCN is required and a CCN does not exist, an application to obtain a CCN number must be accepted before a project submittal can be technically reviewed. In addition, if a submittal is for a project located outside the CCN area, a CCN amendment application must be submitted before a project may be reviewed for construction approval. Please refer to 30 TAC Chapter 291 for additional information regarding CCNs.

If this is a new (proposed) system, you must attach the following with this submittal:

- ☐ Attach a list of all water utilities within ½ mile of the proposed service area boundaries
- ☐ Copies of formal applications for service from each of the following:
 - ☐ any municipality if the system is within its ETJ;
 - ☐ any district or other political subdivision whose corporate boundaries are within ½ mile of the proposed service area boundaries
 - ☐ any other water service provider whose certificated service area boundary is within ½ mile of the proposed service area boundaries
- ☐ Documentation that all application requirements including payment of fees are compliant.
- ☐ Copies of written responses from each of the entities listed above.
- ☐ Business plan. The business plan financial requirements for non-community water systems must confirm capital availability to construct the system according to TCEQ requirements. This would consist of a balance sheet that shows liabilities as well as assets, not just a bank confirmation of a deposit account. Alternatively, if the project is being constructed with loan funds, then a loan commitment letter from the lender specific to that project will suffice.
- ☐ Justification for constructing a separate system (unless none of the entities listed above exist)
- ☐ TCEQ Core Data Form (No. 10400)
- ☐ Emergency Preparedness Plan (No. 20536) if serving water in Harris, Fort Bend Counties and have overnight accommodations.

Type of Project (please check the appropriate boxes). All engineering documents must be sealed, signed and dated by a Texas registered professional engineer. An engineering report that includes the number of connections to be served must accompany each project.
